

Bob Nathan

Associate Broker

Originally from Chicago, Illinois, Bob Nathan discovered Arizona's desert beauty and lifestyle while attending Arizona State University. He decided to pursue a career in real estate and to assist those who would also discover Arizona's beauty. More than a property expert, Bob is a lifestyle specialist.

In 1978, Bob joined his brother Nate at his land brokerage firm, Nathan & Associates. After eighteen years, they joined forces with DMB and created a new company, DMB Realty. DMB Realty oversaw the custom home site sales at DMB's flagship community, DC Ranch. Bob was the Designated Broker with DMB Realty and managed the sales team in a successful program of over 250 custom home sites.

In 2004, he established RH Nathan & Company, allowing him to utilize his expertise within DC Ranch, Silverleaf and the surrounding communities. Four years later, he joined Russ Lyon Sotheby's International Realty and quickly became one of the company's top producing agents.

Bob joined Engel & Völkers in 2014 to enhance his offerings and expand his network internationally, as well as to surround himself with professionals who shared the same passion for real estate. His affiliation with Engel & Völkers allows Bob to serve clients with an unparalleled level of service.

Bob has lived in six homes in DC Ranch, as well as building five custom homes. "My passion and experience for building homes flows into my work," he says. "I love standing on a lot and visualizing what could be built there."
