

Marci Farrell

Real Estate Advisor

After graduating from Arizona State University, Marci started a career in the hospitality industry working at some of the finest hotels and resorts in the Valley including The Marriott, The Phoenician and The Ritz Carlton. It was working at these hotels she learned the value of relationship building and customer service.

When her family persuaded her to get her real state license, she eagerly made the leap to a new industry. She has worked for several of the Valley's top new home sales companies including Geoffrey Edmunds, Camelot Home and Cachet Homes in some of the most prestigious neighborhoods - DC Ranch, Troon, Troon North, Pinnacle Peak, McDowell Mountain Ranch and Grayhawk.

In 2009 Marci shifted her efforts to the resale market and joined the RH Nathan team with Russ Lyon Sotheby's International Realty. Marci has extensive knowledge of North Scottsdale communities, master planned communities and different builders. She makes the process of home buying

fun and will be committed to finding you the perfect house for you and your family. She prides herself on continuing the relationship with the buyers and sellers long after the transaction has been completed.

Raised in Portland, Oregon she currently resides in DC Ranch with her husband and her 2 boys. She enjoys outdoor activities and attending her boy's sporting events, as well as shopping and enjoying Scottsdale's many fine restaurants.
