

Diana Peters

Real Estate Advisor

Diana Peters truly has a lifetime of experience of the Valley of the sun. As a true Arizona Native, Diana has had the opportunity of watching the community she loves, grow up around her. Now she is continuing to grow with it. Diana started her real estate career in 2000 as the closing coordinator and personal assistant to Bob Nathan. 16 years later they still are a Team to be dealt with.

Diana's depth of knowledge includes the Scottsdale market, but most impressive is her working understanding of the southeast valley where she has resided for the last 16 years. A unique combination of passion and market awareness has help Diana create long term relationships from clients. " When you sell what you love, it is not work it is a gift". Having the background of closing coordinator has given Diana the eye for detail, the true understanding of the deal and the ability to leave no stone unturned.

Giving back is also a passion. There is a long family history of long hours at St. Vincent DePaul. Her husband Don and her two children have made it a priority passed on from her Father and Mother. Horses, baseball, gardening and fishing fill up the hours when Diana is not working.
